White Labor vs. Slave Labor.

Judge Brinkerhaff, being the Republican Candidate for Supreme Judge of Ohio, it becomes very important that his principles be understood and disseminated, so that the people may have a fair chance of judging. Up to 1848 he was a very bitter opponent of the Whig party. In that year he left the Democratic party, and associated himself with the Abolition crew; and, accompanying Giddings & Co., stumped the State for Van Buren. In that memorable campaign he distinguished himself by the most bitter, violent and vituperative language against the Old Hero of Buena Vista and the Whig party generally.—
